A Member against whom disciplinary action is taken by the Committee may appeal the decision to the Board of Directors by mailing a written notice of appeal to the President within thirty (30) days of the mailing of notice of the adverse decision to the Member in question.

Before the Board shall hear an appeal, it shall, by registered or certified mail, notify the Member in question not less than thirty (30) calendar days prior to a meeting of the Board of Directors that the Member may then and there appear in person and/or by legal or other representative to present such argument as the Member deems proper to show that the disciplinary action taken should be reversed.

If a majority of the Board of Directors determines that the disciplinary action taken against a Member is supported by the evidence and is the result of fair procedures, consistent with these bylaws, the Board of Directors shall affirm the disciplinary action. If a majority of the Members of the Board of Directors does not so determine, the Board of Directors
shall reverse the disciplinary action and may remand the matter as a whole or in part for further proceedings or may dismiss the matter in whole or in part. The status of a Member during disciplinary proceedings shall be unaltered.
